Our presence in UAE

Classic Fine Foods opened its UAE office in 2006 and started its operations within the country, supplying luxury hotels and fine dining restaurants with products imported from abroad. The company has since extended its supplies to the GCC region, as well as Maldives and Seychelles. More than 120 employees are part of Classic Fine Foods UAE, working with new channels in retail, catering companies and now casual dining restaurants.

Around the World

The Classic Fine Foods Company was first registered in 2000 in Hong Kong, and continued its expansion across Asia with the opening of subsidiaries in the Philippines in 2002, Vietnam in 2005, Indonesia in 2007, Macau in 2008 and China in 2012. Expansion into Europe started with the UK in 2004. Classic Fine Foods also targeted the Middle East opening Classic Fine Foods Dubai in 2006. It is now present in 10 countries, across Europe, GCC & Asia.

SANT ANIOL

NATURAL MINERAL WATER

Sant Aniol, water from the Volcanic Zone In Garrotxa

Sant Aniol's water has filtrated over thousands of years through volcanic rocks in Garrotxa Natural Park and is the only one from volcanic origin in the Iberian Peninsula. Its composition is rich in minerals.

Sant Aniol's dedication to nature is evident in each bottle of our water.

The fundamental belief is that water is genuinely natural when it gives back to nature what nature initially provided. Hence, taking pride in introducing returnable glass bottle, designed to be not just more durable but also reusable. This approach reduces waste and supports sustainability The recyclable format from Sant Aniol promotes improved energy efficiency and actively contributes to sustainable development. This means you can relish our pure, natural water while playing a role in caring for the planet.

*

HUMUS

Substratum of plants made from organic elements.

*

ANDESITA

An igneous rock that has a mineral composition rich in elements like calcium or magnesium.

*

POZZOLAN

Layer of silicon materials that creates a natural filter for liquids because of its high porosity.

*

BASALT

It's a fine-grained volcanic rock with a composition rich in magnesium.

*

GRANITE

It's a rock made essentially of quartz and feldspar (calcium, sodium and potassium).

Founded in 1993, Sant Aniol is still a family-owned business.

Its source is located in Sant Aniol de Finestres, a small village in La Garrotxa (Girona).

A slope located inside a natural parkof sedimented lava and volcanic rockmakes Sant Aniol a water of surpassing purity and singular qualities.

The rocks range has been specially designed for Sant Aniol, following the shape of the volcanic rocks.

Sunraysia - High-end Fruit Juices

The fruit selected for juicing the Sunraysia Five Star range is from 'first picked fruit' – eating quality fruits – with no preservatives, allowing the pure fruit profile to be captured and expressed.

Sunraysia is a family run, Australian owned business with a proud history and a dedication to keep bringing you healthy and delicious beverages. Sunraysia...

No Preservatives, No Artificial Colours, Flavours or Sweeteners.
Nothing Genetically Modified.
Natural. Nutritious. Delicious.

Served in an elegant glass bottle, Plastic Free:

Orange - Sunraysia uses only %100 Valencia Oranges from our orchard in the Murray Valley area of New South Wales, Australia. They deliver some of the best flavour and texture, are juicier and do not turn bitter when stored.
Apple - To achieve the right balance of crispness, tartness, and sweetness, we blend Pink Lady apples with Red Delicious and Royal Gala, from our orchard in the southern hills of New South Wales, Australia.
Mango Juice - Sunraysia uses only Kensington Pride Mangoes grown in Tropical North Queensland, Australia. This variety is floral and sweet in flavour and offers a smooth and light texture on the palate.
Cranberry - Sunraysia uses Cranberries grown in the north of the United States.
The American Cranberry is part of the North America native fruits family. This blend is well balanced, and not overly sweet and with no bitter aftertaste.

NATURALNESS

Maison Ponthier's aim is to produce frozen and chilled fruit purees which are as close as possible to the taste, colour and smell of the original fruit. The company doesn't use any additives (colourings, preservatives, flavourings) to guarantee the naturalness of the products. Priority is given to purees with 100% fruit and there are about 20 products in the 100% fruit range. When some sweetening is required, a maximum of 10% sugar is added and Maison Ponthier only uses 100% natural pure cane sugar.

NATUREO

Natureo Garnacha Syrah 0.0% is dark cherry red in colour. Intense and sensual with exquisite fruit aromas (blackberries) and a touch of spice (clove). Soft, supple, and delicious on the palate.

Natureo Muscat 0.0% is pale yellow in color which offers delicate floral (orange blossom) and fruit (reinetteapple) aromas. Soft and lightly effervescent on the palate with an exquisite citrusy finish (quince).

Raspberry color with soft coppery highlights, delicate fruit aroma (cherry jam), and a vegetative note (coffee). Smooth, fresh, luscious on the palate, with undertones reminiscent of sour candy.

Great teas, wine-style

A NEW ART-DE-VIVRE FOR THE WORLD

Grands Jardins passionately craft tea « grand crus » in the style of wine. They are the first in the world to have discovered how to offer this essence in long conservation within a Burgundy bottle.

With no additives, no sugar, no preservatives and very low caffeine content... and of course with no alcohol. Grands Jardins elegantly design the tea ritual in the style of wine. Being the closest friend of wine, they elaborate food and tea pairings alongside wine.

Great tea, great water... A new pleasure ritual to enchant tomorrow's table, already acclaimed by top chefs and sommeliers.

Made exclusively from nunshen® teas.

A DREAM

What began as a bold gamble has blossomed into a true gastronomic revolution, with tea and food pairings crafted by the most celebrated chefs and sommeliers. A symphony of flavors that surprises and delights even the most discerning palates.

Cold Infused Premium Teas

Packaging: Glass Bottle 75cl X 6

- GRJ01005 • Satemwa Malawian Black Tea

THE RITUAL, THE FIRST INITIATION

TEMPERATURE
Serve the bottle at the temperature of a white wine in summer and a red wine in winter.

PRESENTATION
Present the bottle, play up the surprise effect: 'It's not wine, it's tea'. Present the name of the garden, its origin and its aromatic profile.

GLASS
Wine-style exclusively in a stemmed glass, Lemann, Zalto or Riedel.

WORDS
The words of tea are the words of wine, no intimidation. We'll talk about floral bouquet, tannin, length on the palate, nose notes.

WATER
Once served, emphasize the excellence of the work done on the extreme transparency of the infusion.

TRAVEL
Even better than the wine, the nose notes are essential to enhance the experience. Assume on the palate the watery, non-alcoholic character of the beverage. Take pride in its natural sweetness.

PAIRINGS
Understand that, like wine, tea calls for precise pairings. We'll talk about food and tea pairings.

Pearls

Imagine a tiny culinary gem, a pearl enclosed in a fine natural coating (alginate derived from kombu) and packed with explosive flavours: balsamic vinegar, fruit purée, fine French wines, exotic sauces... On the palate the pearl reveals its liquid core, completing and complementing the dish in a moment of perfect harmony. As the leading name in this market, our Perles de Saveurs® are enjoyed all over the world and used by chefs in some of the planet's finest restaurants.

Spheres

A blend of science, cuisine and art, this discipline opens up an array of new sensations by transforming the texture, colour and shape of food. We used the spherification technique to create a new culinary experience:

20 mm spheres with an intense, gourmet liquid core... a delicious surprise when tasted for an exceptional product.
